

Full-time positions available for qualified potential candidates to fill the roles as Subject Matter Experts in **Mathematics** and **Educational Technology**. The Math Specialist and Educational Technology Specialist are part of the Regional Improvement Teams that will work collaboratively with the schools identified through the Comprehensive Support and Improvement initiative by the Pennsylvania Department of Education.

The priority is to fill these roles with educators who are qualified, experienced, collaborative, and passionate about working with districts/schools to provide high quality, impactful, and valued services to schools with a history of lower performance. We value your expertise and knowledge, and are asking for your help identifying quality educational leaders to do this important work. We are specifically looking for candidates to support schools in the School District of Philadelphia.

Anyone interested in the Math Specialist posting can apply through the link, [Math Specialist Posting](#). Anyone interested in the Educational Technology Specialist posting can apply through the link, [Educational Technology Specialist Posting](#).

If you know of anyone who has the experience in Mathematics or Educational Technology and a passion to become a part of this highly impactful initiative, please ask them to apply. For more information, feel free to contact Mary Franciscus, HR at the Chester County Intermediate Unit, at MaryF@cciu.org.
